

1. ABACUSBIO LTD

Applying world class science and technology to improve and enhance performance, resilience, competitiveness, responsiveness, and profitability of client enterprises.

2. ASKBIO EUROPE

Leading the way in end to end gene therapy technology and AAV therapeutic assets. European headquarters of the AskBio family following acquisition of Synpromics Ltd.

3. BEEBYTES ANALYTICS CIC

Social enterprise specialising in honeybee genetics and DNA analyses to characterise genetic admixture and identify the sources of forage visited by different bee species.

4. BETA BUGS LTD

Insect breeding company that creates high performance breeds for the rapidly growing 'insects-as-protein' sector.

5. CARCINOTECH LTD

Cancer microfluidics technology company, manufacturing 3D printed bio chips using patient specific stem cells for personalised cancer drug testing, discovery and trials.

6. CARUS ANIMAL HEALTH LTD

Researching, identifying and developing novel and emerging technologies that have application in the animal health environment.

7. CENSO BIO LTD, AN AXOL BIOSCIENCE COMPANY

Provider of iPSC-derived cells, media, and characterisation services. Merged with Censo Bio, a cell biology CRO with iPSC-related technology expertise.

8. CLEAN WATER WAVE LTD

Blending advanced technology with robust engineering, to transform polluted ground and surface water into clean water, safe for consumption and discharge.

9. CYTOCHROMA LTD

Producing stem cell derived liver models and tailored toxicity testing to support a variety of life science companies in the acceleration of drug discovery.

10. CYTOMOS LTD

Developing and providing integrated, predictive analytics systems for intelligent bioprocessing in biopharma and cell therapy domains.

11. DYNEVAL LTD

Creating the new standard for semen quality assessment to improve efficiency of livestock reproduction with innovative Dynescan technology for easy-to-use, automated and portable instrument for reliable measurement on farm.

12. GREENGAGE AGRITECH LTD

Delivering LED agricultural lighting, sensors and control systems for improved farming environments for poultry, pigs and cattle.

13. INGENZA LTD

World leader in the application of industrial biotechnology and synthetic biology; and established inABLE®, a proprietary combinatorial genetic platform.

14. LANDCATCH LTD

Part of Hendrix Genetics, a global multi-species breeding company with activities in layer poultry, turkeys, pigs and now aquaculture.

15. MACOMICS LTD

Immuno-oncology company with world-leading expertise in macrophage biology, developing precision medicines to modulate macrophages for treatment of cancer.

16. MV DIAGNOSTICS LTD

Development and provision of innovative immunoassays and reagents for use in clinical and research laboratories worldwide.

17. N2 PHARMACEUTICALS LTD

Developers of a unique injectable drug N2-01, proven to dramatically increase the effectiveness of artificial insemination of dairy cattle, a major problem in agriculture.

18. PROZYMI BIOLABS

Developing revolutionary technologies that can transform taste and quality of gluten-free bread and baked products using naturally occurring enzymes to target and degrade the toxic parts of gluten.

19. RHIZOCORE TECHNOLOGIES LTD

An applied mycology start-up working with symbiotic fungi to grow healthy, resilient forests that sequester more carbon.

20. ROSLIN TECHNOLOGIES LTD

Delivering impact from cutting edge innovations in animal health and providing opportunities for investors looking to capitalise in food and agricultural products.

21. WOBBLE GENOMICS LTD

Providing biochemical and bioinformatic solutions for gene biomarker discovery, specialising maximising RNA and DNA sequencing efficiency.

HOT DESKING

22. BUSINESS GATEWAY MIDLOTHIAN

Offering expert help and support to new and existing businesses, including directing to grants and funding opportunities through connections associated funding bodies.

23. DATA-DRIVEN INNOVATION – CITY REGION DEAL

Easter Bush Campus is one of a network of five hubs in the Data-Driven Innovation (DDI) Programme, and mechanism for driving productivity and accelerating growth. Hosting AgriTech Sector Team Lead and Innovation Manager (Health).

24. MIDLOTHIAN SCIENCE FESTIVAL

Annual science festival each October offering a programme of fun, interesting and accessible events and activities across Midlothian. In 2020 and 2022, this was hosted as an online schools programme by Easter Bush Science Outreach Centre.

25. MIDLOTHIAN SCIENCE ZONE

Partnership group of science, technology and innovation parks; research institutes; academic institutions and tenant companies, all located within Midlothian.

ACADEMIA IN RESIDENCE

26. GLOBAL ACADEMY OF AGRICULTURE AND FOOD SYSTEMS

A leading interdisciplinary hub of researchers, teachers and students seeking to understand the drivers of Food System and Planetary Health challenges and drive development of mutually beneficial solutions.

27. SEBI-LIVESTOCK

The Centre for Supporting Evidence-Based Interventions in Livestock also facilitating the Livestock Data for Decisions community, dedicated to driving better livestock decision-making through improved data and analysis.

WELCOMING SOON...

28. OXITEC LTD

Leading developer of biological solutions, building a healthy, sustainable and equitable future by forging a new category of safe, sustainable, highly effective biological pest control solutions.
